

9000 Series

*Galvanized Steel

Ideal for food preparation areas, bars, restaurants, hotels, casinos, conference facilities

Space Saving General Filtration Unit

When floor space is limited choose the cost-effective, space-saving solution for removing odors, smoke, chemicals, gases and airborne particles.

- 15-30 lb. deep-bed activated carbon filters to remove airborne chemicals, gases and odors
- 2"-4" Medical-grade HEPA filter to remove 99.97% of all dust, allergens, viruses and other airborne particles down to 0.3 microns
- Variable speed for comfort control
- Designed for 24/7 operation
- Low energy consumption
- Ceiling or wall bracket mountable
