\$ 4.98

100% Unbeatable In the Fridge!

Not only does the Tub O' Carbon Odor Buster eliminate nasty fridge odors it can actually preserve the flavor and freshness of your food! It works to slow down the ripening process by adsorbing the ethylene gases produced by fruits and vegetables.

The Tub O' Carbon Odor Buster also:

- Eliminates the need to air out your fridge
- Helps prevent foods from taking on the taste of their packaging
- Helps spoiled food from contaminating fresh produce

What is Activated Carbon?

Activated carbon is a natural substance that has been treated to open millions of tiny pores which actually attract and trap odors, chemicals and gases. This type of carbon is used in military gas masks, in hospitals and by large food-storage facilities.

Completely Safe and All-Natural

The Tub O' Carbon™ Odor Buster contains no chemicals or added fragrance and does not mask odors, it eliminates them!

Activated Carbon adsorbs gases and chemicals

Use anywhere to remove the odors:

Fridge	Auto	Sport Bag	Garbage	Cigarette
Bathroom	Pets	Cooking	RV	

Also effective for use in
Diaper Pails, Closets, Basements, Gyms, Offices, Hotel Rooms,
School or Gym Lockers, Musty Storage areas, Trash Compactor areas,
Libraries, Rental Cars and wherever odors may be an issue...
